

# MAEP'S OCTOBER/NOVEMBER 2007 E-NEWS

*Promoting Excellence in the Environmental Profession Since 1978*

## MAEP'S ANNUAL MEETING – NOVEMBER 28, 2007

- ◆ MAEP's Annual Meeting will be held on Wednesday, November 28, 2007 at Weber's Inn in Ann Arbor: Time: 5:30 – 8:00 p.m. This event is **FREE TO MAEP MEMBERS!** The evening will begin with main course appetizers and a social hour, followed by a short awards program featuring the recipients of the Environmental Grant Awards, Outstanding Environmental Professional Award, and meeting the new MAEP 2008 Board of Directors. Register by contacting Lynne Kohon at [exec-dir@maep.org](mailto:exec-dir@maep.org) or calling (517) 349-1970.

## NOMINATIONS FOR 2007 "OEPY" AWARD:

- ◆ The Outstanding Environmental Professional of the Year Award Committee is seeking nominations for this award through October 31, 2007. If you have a professional associate who has achieved distinction in his/her environmental career, especially in the past year, we invite you to nominate him/her for the OEPY Award. The person could be a fellow employee, client, regulator, counsel or any other person who has exhibited environmental ethics and distinguished achievements. The nominee does not have to be an MAEP member. To nominate, complete the attached nomination form and return it to Lynne Kohon at [exec-dir@maep.org](mailto:exec-dir@maep.org) or fax to (517) 349-9949. Please be sure to include a full CV for the nominee. This award will be presented at the November 28, 2007 Annual Meeting.

## MAEP BOARD POSITIONS AVAILABLE

- ◆ MAEP is seeking nominees for three-year board positions on the 2008 Board of Directors. MAEP's board consists of twelve board members who meet four to six times a year. If you are interested, contact Lynne Kohon for further details about the responsibilities involved with a position on the board. Nominations must be received by November 1, 2007. A ballot will be emailed to MAEP members in mid-November requesting their vote.

## SAVE THE DATE – BROWNFIELDS2008

- ◆ Brownfields2008 is coming to the Cobo Center in Detroit on May 5-7, 2008. The theme is: "Roadmap to Revitalization." MAEP will be an exhibitor at the event.

## ENVIRONMENTAL EDUCATION GRANT MONEY AVAILABLE

- ◆ Environmental education is important to MAEP and through our highly successful annual golf outing proceeds we are able to support environmental education programs in K-12, community colleges, universities and community organizations. If you know of a worthy organization, the committee is taking applications through November 15, 2007. Your request should include the name of applicant, school or organization, name of environmental project, brief description of the project, educational objectives, target audience, and a brief description of how the grant money will be used. Please forward the application materials to Diane O'Connell, Chair, at [doconnel@schoolcraft.edu](mailto:doconnel@schoolcraft.edu). The grant awards will be made at the Annual Meeting.

## CLASSIFIEDS

- ◆ **Associate I/II opening for Phase II Investigator regarding soil and groundwater issues in ASTI Environmental in Brighton.** Qualifications must include degree in geology and working knowledge of Part 201. Candidate must have experience in environmental assessment, soil and groundwater sampling, data analysis and supervision of drilling operations and reporting is a plus. Writing, communication, and computer skills are critical. Benefits package includes life/dental/health insurance, 401K plan, company bonus, flextime, and extended holiday schedule. Respond by resume only to: ASTI Environmental, Attn: Human Resources Dept., PO Box 2160, Brighton, Michigan 48116-2160, or by email to Human Resources at [gbindus@asti-env.com](mailto:gbindus@asti-env.com). Please refer to position in subject line. ASTI is an EOE employer.
- ◆ **Conestoga-Rovers has a career opportunity for an Environmental Engineer/Scientist in its Lansing Office.** The individual will be responsible for the preparation of technical correspondence, reports, work plans, and project specifications and will also provide project management to small- to mid-scale projects, which includes maintaining project schedules and budgets, and coordinating project staff. A BS or MS Degree in Environmental or Civil Engineering is required or equivalent with 5 to 8 years of experience in an environmental consulting discipline with project management skills. Candidate must possess strong problem solving abilities and able to present technical information, both written and orally, in a concise and professional manner. Ability to effectively communicate is a must. The preferred individual shall have project management experience, including environmental due diligence and investigation oversight. Familiarity with State and Federal environmental regulations would be helpful, but not required. Individual must be willing to occasionally travel for short- to mid-term length periods to attend site visits, sampling efforts, and construction oversight. OSHA HAZWOPER training and Phase I ESA experience considered an asset. CRA offers a competitive salary as well as a comprehensive benefits package. Please send inquiries or resume of credentials to [mdarnton@croworld.com](mailto:mdarnton@croworld.com) or [gklepper@croworld.com](mailto:gklepper@croworld.com) or telephone Martha Darnton/Gary Klepper at 517-316-2397.
- ◆ **GZA GeoEnvironmental, Inc. has openings in its Livonia and Grand Rapids offices for motivated, practicing Environmental and Geotechnical Engineers/Professionals.** Individuals would be responsible for servicing and expanding existing accounts, marketing company services, and managing technical and financial aspects of individual projects. GZA is looking for committed, loyal, results-oriented staff. If you satisfy this description, consider

GZA and explore your opportunities! Please submit resume via email to:  
[mareike.johnston@gza.com](mailto:mareike.johnston@gza.com) An Equal Opportunity Employer.

- ◆ **PSI has an opening for a Project Industrial Hygienist in either its Lansing or Auburn Hills offices.** The individual will have the following skills: Ability to work under supervision of an experienced professional to perform assignments that include independent evaluations using standard techniques, procedures, and criteria, and the ability to use judgment in making minor modifications to these standards. Supervise or coordinate work of technical support personnel. Must possess a technical degree in a related discipline and 3-8 years of experience performing asbestos, lead-based paint, mold, and indoor air quality surveys, abatement oversight, and sampling activities. Experience in performing other related environmental field work such as Phase I and II Environmental Site Assessments is preferred. Must also be able to perform tasks in varying field/lab/office conditions and be proficient in using various computer programs and able to operate most field/lab/office equipment. State of MI Licensure is required. PSI offers a competitive salary and a full benefits package. Candidates should submit their resume in confidence to: David L. Sawicki, CPG, Manager, Environmental Services, 1000 North Opdyke, Suite C, Auburn Hills, MI 48326 (248-373-1970)
